## BUKIT MERAH RIDGE

Bukit Merah Ridge is bounded by Bukit Merah View, Henderson Road, Tiong Bahru Road, and Lower Delta Road. The development comprises 5 residential blocks ranging from 29 to 48 storeys in height, and will have a total of 1,669 units of 3- and 4-room flats. Bukit Merah Ridge is offered under the new Prime Location Public Housing (PLH) model. Find out more about the PLH model, at <https://www.hdb.gov.sg/cs/infoweb/residential/buying-a-flat/finding-a-flat/plh>.

Bukit Merah Ridge takes its name from the nearby Southern Ridges, which can be seen from the development. Inspired by the greenery at Telok Blangah Hill Park, Mount Faber Park, and the nearby Tiong Bahru Park, Bukit Merah Ridge boasts lush landscaping and roof gardens.

Artist's impression

Bukit Merah Ridge comes with facilities like a childcare centre, a residents' network centre, children's playgrounds, fitness stations, and 2 multi-purpose courts. There are also accessible roof gardens located at the development's 2 Multi-Storey Car Park blocks.

Please refer to the site plan for the facilities provided in Bukit Merah Ridge. Facilities in this development will be accessible by the public.

## IMPORTANT NOTES

HDB precincts are planned to serve the evolving needs of the community. There are spaces catered for future inclusion of amenities/ facilities (such as childcare centres, elderly-related facilities, education centres, residents' network centres, day activity centres, etc), commercial facilities (such as shops and eating houses), mechanical and electrical rooms, and such other facilities depending on the prevailing needs. These spaces could be in the void decks, common property, car parks, or stand-alone community buildings.

In addition, housing projects may be located near roads, railways, airbases, and land used for non-residential purposes. Hence, residents may experience higher noise levels. We have provided information on the surrounding land use, proposed facilities and their locations in the maps and plans of individual projects, where feasible. The information provided is indicatively based on the current planning intent of the relevant authorities and is subject to change from time to time.
