## JURONG EAST BREEZE

Located along the Pan-Island Expressway (PIE) and Jurong East Central, Jurong East Breeze comprises 2 residential blocks ranging from 22 to 38 storeys. You can choose from 562 units of 2-room Flexi, 3-, and 4-room flats.

The development is envisioned as a landmark in the area with its towering blocks, and will offer a breezy living environment

for residents. The spacious central green, together with the two roof gardens atop the Multi-Storey Car Park and the block for elderly facilities, provide ideal backdrops for daily interactions with neighbours. You can also head down to the children's playgrounds and elderly and adult fitness stations for your daily activities and exercises.

## IMPORTANT NOTES

HDB precincts are planned to serve the evolving needs of the community. There are spaces catered for future inclusion of amenities/ facilities (such as childcare centres, elderly-related facilities, education centres, residents' network centres, day activity centres, etc), commercial facilities (such as shops and eating houses), mechanical and electrical rooms, and such other facilities depending on the prevailing needs. These spaces could be in the void decks, common property, car parks, or stand-alone community buildings.

In addition, housing projects may be located near roads, railways, airbases, and land used for non-residential purposes. Hence, residents may experience higher noise levels. We have provided information on the surrounding land use, proposed facilities and their locations in the maps and plans of individual projects, where feasible. The information provided is indicatively based on the current planning intent of the relevant authorities and is subject to change from time to time.
