

**HDB'S SALES LAUNCH
NOVEMBER 2021**

PARC CLOVER @ TENGAH

Parc Clover @ Tengah will be bounded by Tengah Park Avenue, Tengah Boulevard, and Tengah Drive. Set in lush greenery, the name Parc Clover @ Tengah is inspired by the clover-like arrangement of its residential blocks, which are arranged in four clusters, each with a central courtyard.

You can choose your home from 1,124 units of 2-room Flexi, 3-, 4-, and 5-room flats, which will be housed in 12 residential blocks ranging from 8 to 14 storeys, with some blocks housing rental flats. Flats in this development will have a shorter waiting time.

Rest and relax at the variety of green spaces available in the development, such as sky terraces at one of the residential blocks, and roof gardens above the Multi-Storey Car Park and at some of the residential blocks. You will also find facilities to help you stay active, such as children's playgrounds and adult and elderly fitness stations in the development. A childcare centre will be located in Parc Clover @ Tengah for your convenience. Please refer to the site plan for the facilities provided in the development. Facilities in this development will be accessible by the public.

Tengah Town Centre – The Market Place

Car-lite Town Centre

ABOUT TENGAH TOWN

Homes in Tengah town will be surrounded by lush greenery and nature. To harness nature's benefits for greater environmental health and residents' well-being, HDB has applied its Biophilic Town Framework to guide the enhancement of existing natural assets and the design and development of neighbourhood landscapes in Tengah. Residents can look forward to nature-centric neighbourhoods that offer a strong sense of place, better well-being, and an enhanced quality of life.

A town-wide Active, Beautiful, and Clean Waters design strategy will be introduced to draw people closer to nature, with a variety of outdoor spaces and landscape features which slow down and treat stormwater runoff. For more details on Tengah town, you may visit HDB's exhibition (<https://www20.hdb.gov.sg/fi10/fi10349p.nsf/tengah/indexcopy.html>) at HDB Hub, Toa Payoh.

Tengah will be the first town to integrate housing developments with the area's surrounding greenery and biodiversity. One major attraction will be the approximately 100-metre wide and 5km long Forest Corridor, which will form part of the larger network of greenery that connects the Western Water Catchment Area and the Central Catchment Nature Reserve. In collaboration with the National Parks Boards, various tree species will be planted in the Forest Corridor to transform it into a rich forest habitat.

Complementing the Forest Corridor is the Forest Fringe, a 15- to 20-metre wide linear greenscape that will provide a tranquil and rustic environment for residents to enjoy flora and fauna, and envelop the town within a scenic and natural landscape. In addition, extensive park spaces, such as the Central Park and Community Farmways, will string key amenities and facilities together, providing a safe environment for residents to access their daily amenities.

Tengah will be the first HDB town to have a car-free town centre nestled next to a lush green park. To encourage green commuting, there will be dedicated walking and cycling paths along all roads to create seamless connections within the town. The upcoming Jurong Region Line and bus services will serve the public transport needs of residents.

Tengah is also the first HDB town to be planned with town-wide smart technologies from the outset. Guided by HDB's Smart Town Framework, the various districts will integrate smart technology in its design, so that residents can enjoy a quality living environment. Autonomous vehicles will be piloted in Tengah town to provide convenient first-mile-last-mile connection to key transport nodes and amenities.

Vibrant commercial facilities are planned for the town centre and in the districts, complementing other shopping and dining options in the nearby Bukit Batok town. Check out the heartland shops on Where2Shop@HDB. (<https://www.hdb.gov.sg/cs/infoweb/residential/where2shop/explore/bukit-batok>).

Park District

ABOUT PARK DISTRICT

Park District is located at the heart of Tengah, nestled within a lush park.

Residents can enjoy quality living amidst greenery, and connect with the community through a myriad of amenities and green spaces. There are green and blue spaces found within Park District, such as the Plantation and Garden Farmways, Rainforest Walk, Forest Stream, green links, rain gardens, and skyscraper greenery. These spaces provide visual relief, and create more outdoor recreational opportunities for residents.

Park District is also home to the Market Place, Singapore's first car-free HDB town centre which will provide a safe environment for walking and cycling. The town centre will be set amidst a lush park, with vehicles plying underneath the town centre. It will offer a greener, car-lite, people-friendly, and pedestrian-friendly environment.

IMPORTANT NOTES

HDB precincts are planned to serve the evolving needs of the community. There are spaces catered for future inclusion of amenities/ facilities (such as childcare centres, elderly-related facilities, education centres, residents' network centres, day activity centres, etc), commercial facilities (such as shops and eating houses), mechanical and electrical rooms, and such other facilities depending on the prevailing needs. These spaces could be in the void decks, common property, car parks, or stand-alone community buildings.

In addition, housing projects may be located near roads, railways, airbases, and land used for non-residential purposes. Hence, residents may experience higher noise levels. We have provided information on the surrounding land use, proposed facilities and their locations in the maps and plans of individual projects, where feasible. The information provided is indicatively based on the current planning intent of the relevant authorities and is subject to change from time to time.

TENGAH

Notes:

1. All proposed developments and facilities as well as their locations shown are indicative only and are subject to change and planning approval. The implementation of such proposed developments and facilities is subject to review from time to time by the relevant authorities.
2. Proposed Place of Worship includes examples such as Church, Mosque, Chinese Temple, Hindu Temple, etc.
3. Proposed Civic & Community Institution includes examples such as Community Centre/Club, Association, Home for the Aged, etc.
4. Proposed Health & Medical Care includes examples such as Hospitals, Polyclinics, Clinics, Nursing Homes and Eldercare Facilities, etc.
5. The developments and facilities shown (whether existing or proposed) may include other ancillary uses allowed under URA's prevailing Development Control guidelines. CENTRALISED COOLING SYSTEM

Home owners at Parc Clover @ Tengah can subscribe to have air conditioning provided from a centralised cooling system. This system for public housing is the first of its kind in Singapore.

Cooling to each household unit will come from highly energy efficient chillers, and home owners need not install nor maintain outdoor condensing units on their air-conditioner ledge. They will get to enjoy cost savings while contributing to a sustainable lifestyle in this eco-friendly district. Home owners may decide to subscribe to the centralised cooling system after signing the Agreement for Lease. More information will be provided during the flat selection exercise.

For further enquiries, please contact SP Group at tengahcooling@spgroup.com.sg or visit mytengah.sg (<https://mytengah.sg/>).

SMART SOLUTIONS

Parc Clover @ Tengah will come with the following smart solutions to reduce energy usage, and contribute to a more sustainable and safer living environment:

- Smart-enabled homes with provisions to support easy installation of smart systems
- Smart Lighting in common areas to reduce energy usage
- Smart Pneumatic Waste Conveyance System to optimise the deployment of resources for cleaner and fuss-free waste disposal

FINISHES AND FITTINGS

To boost construction productivity, Parc Clover @ Tengah will be built using the Prefabricated Prefinished Volumetric Construction (PPVC) method. The flats will come with full floor finishes, internal doors, and sanitary fittings.

OPTIONAL COMPONENT SCHEME

(2-room Flexi Flats in projects with shorter waiting time)

The Optional Component Scheme (OCS) provides convenience for flat buyers, and is offered on an opt-in basis. Choose the OCS items you want before your flat selection appointment.

The cost of the OCS items will be added to the selling price of the selected flat.

This project is built under Prefabricated Prefinished Volumetric Construction (PPVC).

All 2-room Flexi flats come with:

- Floor finishes in the living/ dining room, bedroom, bathroom, household shelter, and kitchen
- Wall tiles in the bathroom and kitchen
- Sliding partition/ door for bedroom, folding bathroom door
- Sanitary fittings, i.e. wash basin with tap mixer, shower set with bath/ shower mixer, and water closet suite

- Grab bars will be installed for all short-lease flats to assist elderly buyers in moving around the flats

Details on the Optional Component Scheme (OCS) package for short-lease 2-room Flexi flats are in the next page.

OPTIONAL COMPONENT SCHEME

(2-room Flexi Flats in projects with shorter waiting time)

(FOR SHORT-LEASE 2-ROOM FLEXI FLATS ONLY)

Elderly buyers of short-lease 2-room Flexi flats who wish to enjoy the convenience of having a flat in move-in condition can opt in for the following:

ELDERLY-FRIENDLY FITTINGS

- Built-in kitchen cabinets with induction hob and cooker hood, kitchen sink, tap and dish drying rack.

Here are some features of an induction hob:

- It does not produce an open flame
- Its cooking zone cools down faster
- It is easier to clean than a gas hob
- As it has a flat surface, pots placed on an induction hob are less likely to topple over.

With these features, the use of the induction hob would promote a safer and cleaner environment.

- Kitchen cabinets come with mobile cabinets to provide knee space (especially for wheelchair users)
- Built-in bedroom wardrobe with a lower clothes hanging rod for easy reach

- An option to have a lower counter top height

Note: This drawing is not drawn to scale. All dimensions are approximate only.

- Folding door at the flexible space in the 2-room Flexi (Type 2) flats

OTHER FITTINGS

- Window grilles for safety and security

- Mirror

- Toilet roll holder

- Lighting

- Water heater

The cost of this OCS package will be added to the selling price of the selected flat.
