

# RAJAH SUMMIT

**HDB'S SALES LAUNCH  
FEBRUARY 2023**

---

**BTOgether**

## RAJAH SUMMIT

Rajah Summit is bounded by Jalan Rajah and comprises 2 residential blocks ranging from 28 to 40 storeys. You can choose from 510 units of 3- and 4-room flats. The name 'Rajah Summit' references the tall 40-storey blocks, which are the tallest in the area.

Apart from the central open space, you can also enjoy lush landscaping at the roof garden above the Multi-Storey Car Park. A variety of recreational and communal amenities, such as children's playgrounds and adult and elderly fitness stations, provide opportunities for daily exercise and mingling with neighbours. A childcare centre is conveniently located within the project.

Please refer to the site plan for the facilities provided in the project. Facilities in this project will be accessible by the public.

## IMPORTANT NOTES

HDB precincts are planned to serve the evolving needs of the community. There are spaces catered for future inclusion of amenities/ facilities (such as childcare centres, eldercare facilities, education centres, residents' network centres, day activity centres, etc), commercial facilities (such as shops and eating houses), mechanical and electrical rooms, and such other facilities depending on the prevailing needs. These spaces could be in the void decks, common property, car parks, or stand-alone community buildings.

In addition, housing projects may be located near roads, railways, airbases, and land used for non-residential purposes. Hence, residents may experience higher noise levels. We have provided information on the surrounding land use, proposed facilities and their locations in the maps and plans of individual projects, where feasible. The information provided is indicatively based on the current planning intent of the relevant authorities and is subject to change from time to time.
